

1. Pursuant to 5 U.S.C. § 552a(b)(11), this order (the “Order”) authorizes the Government to produce information that otherwise would be prohibited from disclosure under the Privacy Act without presenting Privacy Act objections to this Court for a decision regarding disclosure. To the extent the Privacy Act allows the disclosure of information pursuant to a court order, this Order constitutes such a court order and authorizes the disclosure of that information. However, nothing in this paragraph shall require production of information that is protected from

disclosure (even with the entry of this Order) by other applicable privileges, statutes, rules, regulations, or authorities.

2. As used in this Order, the term “Protected Information” constitutes any and all documents or records, and information contained therein, that contain any confidential, proprietary, personal, or similar information, including, but not limited to, law enforcement information, and information protected from disclosure by the Privacy Act.

3. Information that the parties or the Government deem Protected Information shall be designated as such in one or more of the following ways:

i. Information set forth in an answer to an interrogatory may be so designated by including the words “Protected Information” in the answer.

ii. Information contained in any document or part thereof may be so designated by marking the phrase “Subject to Protective Order” on the document or record containing Protected Information prior to the production of such document or record.

iii. Information contained in an answer to any question asked during an oral deposition may be so designated by a statement made on the record during the course of the deposition and on the same day that the answer is given or, after receiving the transcript of the deposition, by giving written notice to counsel for the opposing party of the page and line numbers designated as “Protected Information.”

4. Any party who contests the designation of a document, record, or other information as Protected Information shall provide the producing party written notice of its challenge. If the parties cannot resolve this dispute, they shall follow the Federal Rules of Civil Procedure, the Local Civil Rules for the United States District Courts for the Southern and Eastern Districts of New York, the individual practices of the Court, and/or any court orders for

addressing discovery disputes. Failure to challenge a designation immediately does not waive a party's ability to bring a later challenge.

5. Except as provided in this Order, all Protected Information produced or exchanged pursuant to this Order shall be used solely for the purposes of this action and for no other purpose whatsoever, and shall not be published to the general public in any form, or otherwise disclosed, disseminated, or transmitted to any person, entity, or organization, except in accordance with the terms of this Order.

6. Protected Information may be disclosed only to the following Qualified Persons:

- i. The United States of America, its agencies, departments, instrumentalities, employees, agents, experts, consultants, and contractors, including but not limited to the attorneys for the United States litigating this matter, and any support staff or other employees of the United States who are assisting in the defense of this action;
- ii. Plaintiff, attorneys for Plaintiff, and any support staff or other employees of Plaintiff or attorneys of record for Plaintiff who are assisting in the maintenance of this action;
- iii. Witnesses who are or may be deposed in this action, to the extent the witnesses' testimony may relate to Protected Information;
- iv. Experts or consultants retained or consulted for this action by counsel to a party, and any support staff or other employees for such experts or consultants who are assisting in the expert's work for this action;
- v. Court reporters or stenographers engaged to record deposition testimony, and their employees who are assisting in the preparation of transcripts of such deposition testimony; and

vi. Such other persons as hereafter may be authorized by the Court upon motion of any party.

7. A copy of this Order shall be delivered to each Qualified Person to whom a disclosure of Protected Information is made, at or before the time of disclosure, by the party making the disclosure or by its counsel. The provisions of this Order shall be binding upon each such person to whom disclosure is made.

8. All Qualified Persons, including the parties and their respective counsel, to whom Protected Information is disclosed, are hereby prohibited from disclosing information designated as Protected Information to any unauthorized person, except as provided in this Order.

9. Any deposition questions intended to elicit testimony regarding information designated as Protected Information shall be conducted only in the presence of persons authorized to review the Protected Information.

10. If any party seeks to publicly file with the Court any Protected Information, or portions of pleadings, motions, or other papers that disclose such Protected Information, that party shall provide the producing person no less than ten (10) days' advance written notice of its intent to file such material. The producing party may then make an application to the Court requesting that the material be filed and kept under seal. Any such application shall be accompanied by a declaration attesting that the standards for sealing have been satisfied. If such an application is made, the papers in question shall not be filed until the Court renders a decision on that application. The parties will use their best efforts to minimize the need to file documents under seal.

11. Nothing in this Order shall preclude any disclosure of Protected Information to any judge, magistrate, or employee of the Court for purposes of this action.

12. Nothing contained in this Order shall be construed to prejudice any party's right to use in open court any Protected Information, provided that reasonable notice of the potential disclosure of the Protected Information shall be given to the producing party so that the producing party may move to seal the document, or otherwise seek to prevent the disclosure or dissemination of the Protected Information, in advance of its use in open court.

13. Within thirty (30) days after the final disposition of this action, including any and all appeals, all Protected Information and copies thereof in the possession of any Qualified Persons shall be returned to the producing parties or destroyed. If the Protected Information is destroyed, the party that has destroyed the Protected Information shall certify in writing to the producing party that the Protected Information in its possession has been destroyed.

14. If a party inadvertently fails to designate material as Protected Information at the time of production, this shall not in itself be deemed a waiver of any claim of confidentiality as to that Protected Information. The producing party may correct its failure to designate an item as Protected Information by taking reasonable steps to notify all receiving persons of its failure, and by promptly supplying all receiving persons with new copies of any documents bearing corrected designations. Within five (5) business days of receiving copies of any documents bearing corrected designations pursuant to this paragraph, the receiving persons shall return or destroy the improperly designated materials, and certify in writing to the producing party that such materials have been returned or destroyed.

15. This Order does not constitute any ruling on the question of whether any particular document or category of information is properly discoverable, and does not constitute any ruling on any potential objection to the discoverability, relevance, or admissibility of any document or information.

16. Nothing in this Order shall be construed as a waiver of any defense, right, objection, or claim by any party, including any objection to the production of documents and any claim of privilege or other protection from disclosure.

17. Nothing in this Order shall affect the right of any party to seek additional protection against the disclosure of any documents or materials, or of the parties to seek additional disclosures.

18. Nothing in this Order shall prevent the disclosure of Protected Information to Government authorities for purposes of enforcement of criminal laws or in furtherance of civil enforcement or regulatory proceedings.

19. Nothing contained in this Order shall prevent or in any way limit or impair the right of the Government to provide Protected Material to a Congressional entity; provided, however, that the Government shall notify the Congressional entity requesting the Protected Material that it was produced pursuant to this Order and shall, if there are no objections interposed by the Congressional entity requesting the documents, use reasonable efforts to notify the producing party or nonparty of the Congressional entity's request and the response thereto.

20. Nothing contained in this Order shall prevent the Government from producing Protected Material to the extent required by the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552. In the event that the Government determines that Protected Material is required to be produced under FOIA, it shall provide the producing party with written notification at least ten (10) days prior to the production of such Protected Material.

21. If a party or other person in possession, custody, or control of documents or material, which has been designated as Protected Information obtained under terms of this Protective Order, receives a subpoena, request, or order for production of Protected Information

(collectively “Subpoena”), said party or person shall provide the designating party ten (10) days’ notice prior to any required production, or, if the Subpoena is received less than ten (10) days from the deadline to respond, then said party or person shall provide notice to the designating party promptly upon receipt of the Subpoena. The party or other person to whom the Subpoena is directed shall not disclose Protected Information before the production date set forth in the Subpoena and shall take reasonable steps to seek an extension of time to comply with any Subpoena, when necessary to provide the required ten (10) days’ notice to the designating party, as set forth above.

22. Nothing in this Order shall prevent any disclosure of Protected Information by the party or entity that designated the information as such.

23. The terms of this Order shall survive the termination of this action for purposes of enforcing this Order.
